## Mathers Clinic Y-BOCS\*: Yale Brown Obsessive Compulsive Scale Name: Date: Questions 6 To 10 Are About Your Compulsive Behaviors. Compulsions are urges that people have to do something to lessen feelings of anxiety or other discomfort. Often they do repetitive, purposeful, intentional behaviors called rituals. The behavior itself may seem appropriate but it becomes a ritual when done to excess. Washing, checking, repeating, straightening, hoarding and many other behaviors can be rituals. Some rituals are mental. For example thinking or saying things over and over under your breath. Please answer each question by writing the appropriate number in the box next to it. 6. Time Spent Performing Compulsive Behaviors 9. Resistance Against Compulsions Q. How much time do you spend performing compulsive Q. How much of an effort do you make to resist the behaviors? How much longer than most people does compulsions? O Always try to resist. it take to complete routine activities because of your Try to resist most of the time. rituals? How frequently do you do rituals? Make some effort to resist. O None. 3 Yield to almost all compulsions without Less than 1 hr./day, or occasional performance of attempting to control them, but with compulsive behaviors. some reluctance. 2 From 1 to 3 hrs./day, or frequent performance of 4 Completely and willingly yield to all compulsions. compulsive behaviors. 3 More than 3 and up to 8 hrs./day, or very 10. Degree Of Control Over Compulsive Behavior frequent performance of compulsive behaviors. 4 More than 8 hrs./day, or near constant Q. How strong is the drive to perform the compulsive performance of compulsive behaviors behavior? How much control do you have over the (too numerous to count). compulsions? O Complete control. 7. Interference Due To Compulsive Behaviors Pressure to perform the behavior but usually Q. How much do your compulsive behaviors interfere able to exercise voluntary control over it.. Strong pressure to perform behavior, cn control with your work, school, social, or other important it only with difficulty. role functioning? Is there anything that you don't do Greater than 3 and up to 8 hrs./day or very because of the compulsions? Very strong drive to perform behavior, must O None. be carried to completion, can only delay with Slight interference with social or other activities, difficulty. but overall performance not impaired. 4 Drive to perform behavior experienced as 2 Definite interference with social or occupational completely involuntary and over-powering, performance, but still manageable. rarely able to even momentarily delay activity. Causes substantial impairment in social or occupational performance. 4 Incapacitating. 8. Distress Associated With Compulsive Behaviors Q. How would you feel if prevented from performing your TOTAL compulsion(s)? How anxious would you become? **SCORE** O None. Only slightly anxious if compulsions prevented. 2 Anxiety would mount but remain manageable if compulsions prevented. 3 Prominent and very disturbing increase in
